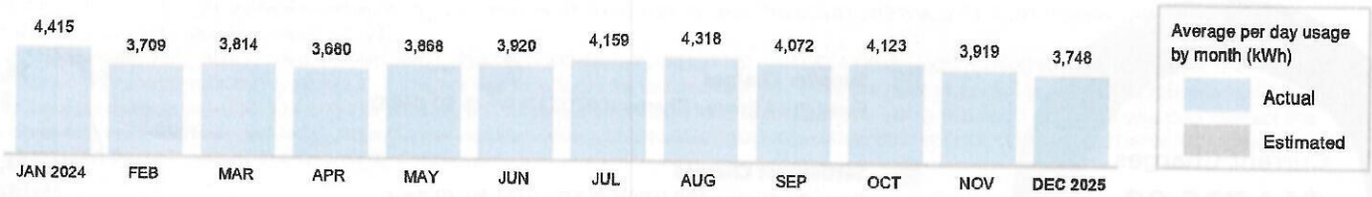
USAGE HISTORY

You used 108,703 kWh in 29 days, or an average of 3,748 kWh a day. The average price you paid for electric service is 13.548¢ per kWh excluding taxes and non-recurring charges or credits.



YOUR CARBON FOOTPRINT

Based on your monthly usage of **108,703 kWh** your equivalent emissions of Carbon is **51.581 metric tons of CO_2e.**

That's the equivalent of...

127,648 miles driven by an average gas-powered vehicle.

If you purchased renewables, please inquire about your end of year statement. To find out ways to reduce your carbon emissions, contact us at greentailer@engie.com or reach out to your sales representative.
