Section 1. Purchase and Sale of the Bonds.

(a) Subject to the terms and conditions and upon the basis of the representations, warranties and covenants hereinafter set forth, the Underwriter hereby agrees to purchase from the Issuer, and the Issuer hereby agrees to sell to the Underwriter, all (but not less than all) of the Issuer's $8,490,000 principal amount Sports Facility Revenue Bonds (North Shore Ice Arena Project), Series 2008 (the "Bonds") at an aggregate purchase price of $8,188,308.85 (representing the principal amount of the Bonds, less an original issue discount of $131,891.15 and an Underwriter's discount of $169,800 with respect thereto). In addition, the Underwriter will be paid a fee at closing of $84,900.00. The proceeds of the Bonds will be lent to the Borrower (i) to finance a portion of the costs to construct and equip an ice skating facility (the "Project") located in Northbrook, Illinois, (ii) to deposit moneys into a debt service reserve fund related to the Bonds, (iii) to pay capitalized interest on the Bonds through February 1, 2009, and (iv) to pay a portion of the costs of issuing the Bonds. The Underwriter acknowledges and agrees that the Issuer is selling the Bonds pursuant to the Illinois Finance Authority Act, 20 ILCS 3501/801 *et seq.* (the "Act").

(b) The Bonds shall mature, shall bear interest at the rate or rates as set forth in Exhibit A hereto, and shall be subject to redemption, and shall have such other terms and provisions, all as described in the Limited Offering Memorandum dated January 17, 2008 (the "Offering Document") (including the cover page and all summary statements and exhibits and appendices included therein or attached thereto), as amended or supplemented from time to time. The terms of the Bonds shall be as set forth in the Trust Indenture dated as of January 1, 2008 (the "Indenture"), by and between the Issuer and Amalgamated Bank of Chicago, as trustee (the "Trustee"), a substantially final form of which was placed on file with the Issuer.

The proceeds derived from the sale of the Bonds will be used to fund a loan (the "Loan") from the Issuer to the Borrower and used by the Borrower for the purposes described in Section 1(a). The Loan will be made pursuant to a Loan Agreement, dated as of January 1, 2008 (the "Loan Agreement"), by and among the Issuer, the Borrower and the Guarantors. Payment of the principal of and interest on the Bonds shall be made solely from the Trust Estate (as defined in the Indenture).

(c) In order to induce the Issuer to enter into this Bond Purchase Agreement, and to induce the Issuer to issue and deliver the Bonds, the Borrower and the Guarantors have joined in this Bond Purchase Agreement.

(d) Upon acceptance by the Issuer, the Borrower and the Guarantors of this Bond Purchase Agreement, the Underwriter agrees to offer and sell the Bonds at the initial offering prices set forth in the Offering Document.

(e) The Underwriter agrees that it will make a limited offering to sophisticated investors of the Bonds at the initial offering prices set forth on the cover of the Offering Document.

(f) The Issuer, the Borrower and the Guarantors hereby certify that (i) the Preliminary Limited Offering Memorandum dated January 9, 2008, as amended and

supplemented by a Supplement to Preliminary Limited Offering Memorandum dated January 11, 2008 (collectively, the "Preliminary Offering Document") as of January 11, 2008 was deemed final by the Issuer, the Borrower and the Guarantors for purposes of Rule 15c2-l2 ("Rule 15c2-12") promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Securities Exchange Act"), except for the omission of such information which is dependent upon the final pricing of the Bonds for completion, and (ii) the Offering Document as of the date hereof is deemed final by the Issuer, the Borrower and the Guarantors for purposes of Rule 15c2-12, provided that the Issuer makes the representations in this paragraph only with respect to information contained under the captions "THE ISSUER" and "LITIGATION" (to the extent such section relates to the Issuer) in the Preliminary Offering Document and the Offering Document. The Borrower and the Guarantors hereby approve the form of and authorize the Underwriter to prepare, use and distribute the Offering Document in final form in connection with the public offering and sale of the Bonds. The Borrower and the Guarantors agree to execute the Offering Document in such final form as soon as possible at the discretion of the Underwriter. The Borrower agrees to provide to the Underwriter, within seven (7) Business Days of the date hereof, sufficient copies of the Offering Document to enable the Underwriter to comply with the requirements of Rule 15c2-12(b)(4) of the Securities and Exchange Commission under the Securities Exchange Act and with the requirements of Rule G-32 of the Municipal Securities Rulemaking Board. The Borrower shall also deliver, or cause the Underwriter to deliver to the Issuer, copies of the Preliminary Offering Document and Offering Document, in form and quantity, sufficient to comply with the Issuer's current requirements. The Underwriter hereby agrees to file a copy of the Offering Document with a nationally recognized municipal securities information repository on or before the date twenty-five (25) days after the Closing Date.

(g) If, between the date of this Bond Purchase Agreement and the date which is one hundred twenty (120) days following the Closing Date, any event shall occur which might or would cause the Offering Document to contain any untrue statement of a material fact or to omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, the Borrower shall notify the Underwriter and if, in the opinion of the Underwriter or the Issuer, such event requires the preparation and publication of a supplement or amendment to the Offering Document, the Borrower will supplement or amend the Offering Document in a form and in a manner approved by the Underwriter, and the Issuer. If the Offering Document is so supplemented or amended prior to the Closing, such approval by the Underwriter and the Issuer of a supplement or amendment to the Offering Document shall not preclude the Underwriter from thereafter terminating this Bond Purchase Agreement if, in the reasonable judgment of the Underwriter such amendment or supplement has or will have a material adverse effect on the marketability of the Bonds.

Section 2. Closing.

At 11:00 a.m., Central Standard Time, on January 25, 2008, or at such other time or on such earlier or later date as shall have been mutually agreed upon by the Issuer, the Borrower and the Underwriter, the Issuer will deliver (as directed by the Underwriter), or cause to be delivered, through the facilities of The Depository Trust Company, New York, New York ("DTC") the Bonds, duly executed on the Issuer's behalf, together with the other documents hereinafter

mentioned; the purchase price of the Bonds will be paid as set forth in Section 1 hereof by delivering to the order of the Trustee for the account of the Issuer immediately available funds in the amount of $8,188,308.85, representing the purchase price for the Bonds as set forth in Section 1(a) hereof. Payment for and delivery of the Bonds as aforesaid shall be made at the offices of Barnes & Thornburg LLP, Chicago, Illinois. Such payment and delivery is herein called the "Closing" and the date of the Closing is herein called the "Closing Date." The Bonds will be delivered as one fully registered global certificate for each series of Bonds registered in the name of Cede & Co. (or such other name as the Underwriter may request in writing at least two business days prior to the Closing).

Section 3. Representations, Warranties and Covenants of the Issuer.

The Issuer, by its acceptance hereof, represents, warrants and covenants to the Underwriter, the Borrower and the Guarantors that:

(a) the Issuer is a body politic and corporate of the State created and existing, under the Act;

(b) The Issuer is authorized under the laws of the State, including particularly the Act, to (i) issue the Bonds for the purposes for which they are to be issued, as set forth in the Offering Document; (ii) lend the proceeds of the Bonds to the Borrower for the purposes set forth in the Loan Agreement; (iii) enter into this Bond Purchase Agreement, the Indenture, the Loan Agreement and the Tax Exemption Agreement (the "Issuer Documents"); and (iv) pledge and assign to the Trustee the payments to be made by the Borrower and the Issuer's rights under the Loan Agreement (other than the Unassigned Rights) as security for the payment of the principal of and interest on the Bonds.

(c) The Issuer has full power and authority to consummate the transactions contemplated to be consummated by it in the Issuer Documents and the Offering Document, and the Issuer has duly authorized and approved the execution and delivery of the same as well as any and all such other agreements and documents as may be required to be executed, delivered or received by the Issuer in order to carry out, give effect to and consummate the transactions contemplated herein and in the Offering Document.

(d) The Bonds, when issued, delivered and paid for as provided herein and in the Indenture will have been duly authorized and issued and will constitute valid and binding special limited obligations of the Issuer enforceable in accordance with their terms and entitled to the benefits and security of the Indenture and Loan Agreement (subject in each instance to applicable bankruptcy, reorganization, insolvency, moratorium or other similar law or laws affecting the enforcement of creditors' rights generally or relating to a public body such as the Issuer, as from time to time in effect, and further subject to the availability of applicable equitable principals). Under no circumstances shall the Bonds and the interest thereon be or become an indebtedness or obligation of the State, within the purview of any constitutional or statutory limitation or provision, or a charge against the credit of, or a pledge of the taxing power of, the Issuer, the State or any political subdivision thereof. The Bonds shall be special limited obligations of the Issuer, and no taxes are required to be levied for the payment of principal, premium, if any, and interest on the Bonds; such principal of, premium, if any, and interest on

the Bonds being payable (except as otherwise provided in the Indenture) solely out of moneys to be received by the Issuer as proceeds from the sale of the Bonds or payments or prepayments to be made from amounts payable under the Loan Agreement, from certain amounts on deposit with the Trustee pursuant to the Indenture and from certain income, if any, from the temporary investment of any of the foregoing. The Issuer does not have the power to levy taxes for any purpose whatsoever, including, but not limited to payment of principal of, premium, if any, and interest on the Bonds.

(e) The execution and delivery by the Issuer of the Bonds, the Issuer Documents and other documents contemplated herein or in the Offering Document to be executed and delivered by the Issuer, and compliance by the Issuer with their provisions, and the assignment of the Loan Agreement (other than Unassigned Rights) to the Trustee, do not and will not, in any material respect, conflict with or constitute on the part of the Issuer a breach of or a default under any existing law, court or administrative regulation, decree, order, agreement, indenture, mortgage or lease by which the Issuer is or may be bound; provided, no representation is made with respect to Federal or State securities laws, rules or regulations.

(f) The information relating to the Issuer under the headings "THE ISSUER" and "LITIGATION" contained in the Offering Document as of its date will not, and as of the date of the Closing will not, contain an untrue statement of a material fact or omit to state a material fact required to be stated therein, or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

(g) Except as may be set forth in the Offering Document, there is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any court, public board or body pending or, to the knowledge of the Issuer, threatened against or affecting the Issuer (as to which the Issuer has received service of process) or, to the actual knowledge of the Issuer, threatened against or affecting the Issuer (or to the actual knowledge of the Issuer, any meritorious basis therefor) wherein an unfavorable decision, ruling or finding (i) would adversely affect the transactions contemplated herein or in the Offering Document, (ii) would adversely affect the validity or enforceability against the Issuer of the Bonds, the Issuer Documents or any other agreement or instrument to which the Issuer is a party and which is used or contemplated for use in the consummation by the Issuer of the transactions contemplated herein or in the Offering Document or (iii) would question the exclusion of the interest on the Bonds from gross income for federal income tax purposes.

(h) Neither the corporate existence of the Issuer nor the right of the members of the Issuer to their offices nor the title of the officers of the Issuer to their respective offices are being contested and no grant of authority or outcome of the proceedings of the Issuer for the issuance of the Bonds has been repealed, revoked or rescinded.

(i) The Issuer agrees to cooperate reasonably with the Underwriter and its counsel in any endeavor to qualify the Bonds for offering and sale under the securities or "blue sky" laws of such jurisdictions of the United States as the Underwriter may request; provided, however, that the Issuer shall not be required with respect to the offer or sale of the Bonds to consent to suit or to consent to service of process in any jurisdiction or take any action which it deems unreasonably burdensome and shall not be deemed to have made any representations with

regard to securities or "blue sky" laws of any State or the securities laws of the United Sates. The Issuer consents to the distribution by the Underwriter of drafts of the Offering Document prior to the availability of the Offering Document in obtaining such qualification, subject to the right of the Issuer to withdraw such consent for cause by written notice to the Underwriter. The Issuer shall not be obligated to pay any expenses or costs (including legal fees) incurred in connection with such qualification.

(j) Any certificate signed by an authorized officer of the Issuer and delivered to the Underwriter shall be deemed a representation and warranty by the Issuer to the Underwriter as to the statements made therein.

Section 4. Representations, Warranties and Covenants of the Borrower.

In order (i) to induce the Underwriter to enter into this Bond Purchase Agreement and (ii) to induce the Issuer to enter into the Issuer Documents and to issue the Bonds for the purposes stated above, with full acknowledgment and appreciation that the investment value of the Bonds and the ability of the Issuer to sell and the Underwriter to resell the Bonds are dependent upon the credit standing of the Borrower, and in consideration of the foregoing and of the execution and delivery of this Bond Purchase Agreement by the other parties hereto, the Borrower represents and warrants and covenants with the Issuer and the Underwriter that:

(a) The Borrower is a limited liability company duly incorporated and validly existing and in good standing under the laws of the State and has all necessary material licenses and permits required to date to carry on its business and to operate the Project. The Borrower has not received any notice of an alleged violation and, to the best of its knowledge, the Borrower is not in violation of any zoning, land use or other similar law or regulation applicable to any of its facilities which would materially adversely affect the operations or financial condition of the Borrower. The Borrower has the full right, power and authority to enter into and deliver the Loan Agreement, the Tax Exemption Agreement, the Ground Lease between Chicago Title Land Trust Company, as trustee under a trust agreement known as Trust No. 1114334 and the Borrower dated as of December 1, 2007, the Leasehold Mortgage, the Continuing Disclosure Agreement and this Bond Purchase Agreement (collectively, the "Borrower Documents"), to execute and deliver and to authorize the distribution and use of the Offering Document, and to perform other acts and transactions as provided for in each of the foregoing.

(b) The execution and delivery by the Borrower of the Borrower Documents and the Offering Document and the other documents contemplated herein and therein and the compliance with the provisions of any and all of the foregoing documents and the application of the proceeds of the Bonds, together with certain other moneys, for the purposes described in the Offering Document, do not and will not conflict with or result in the breach of any of the terms, conditions or provisions of, or constitute a default under, the Articles of Organization or the Operating Agreement of the Borrower or any other material agreement, indenture, mortgage, lease or instrument by which the Borrower or any of its property is bound or any existing law or court or administrative regulation, decree or order which is applicable to the Borrower or its property.

(c) To the best of its knowledge, no default, event of default or event which, with notice or lapse of time, or both, would constitute a default or an event of default under any Borrower Document or any other material agreement or material instrument to which the Borrower is a party or by which it is or may be bound or to which any of its respective property is or may be subject has occurred and is continuing.

(d) The Borrower has duly authorized all necessary action required to be taken by it for (i) the issuance and sale of the Bonds by the Issuer upon the terms and conditions set forth herein, in the Offering Document and in the Indenture, (ii) the approval of the Bonds and the Indenture, (iii) the approval and execution of the Offering Document and (iv) the execution, delivery and performance of the Borrower Documents and any and all such other agreements and documents as may be required to be executed, delivered and performed by the Borrower in order to carry out, effectuate and consummate the transactions contemplated on the Borrower's part by the Borrower Documents and by the Offering Document.

(e) At the Closing, no liens, encumbrances, covenants, conditions and restrictions, if any, will be then-existing (not otherwise previously disclosed to the Underwriter or created on the date thereof pursuant to the Borrower Documents) which would interfere with or impair the operation, or materially adversely affect the value, of the Project or the Borrower's other assets, given the purposes for which the same are being used.

(f) The Preliminary Offering Document did not, as of January 11, 2008, and the Offering Document did not, as of its date, and will not as of the date of the Closing, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they are made, not misleading; provided, however, that the Borrower makes no representation or warranty as to the statements and information contained in the Offering Document under the captions "THE ISSUER," "THE BONDS – Book-Entry Only System," "LITIGATION" (to the extent such section relates to the Issuer), "TAX MATTERS," "NO RATING" and "UNDERWRITING" and the statements and information contained in APPENDIX E (Form of Bond Counsel Opinion) to the Offering Document, except to the extent that information under such captions was based upon information supplied by, or solely within the knowledge of, the Borrower. The Borrower hereby consents to the use of the Offering Document in connection with the solicitation of purchases of the Bonds by the Underwriter and confirms that it has consented to the use of the Preliminary Offering Document for such purpose prior to the availability of the Offering Document.

(g) The Borrower will not take or omit to take any action which will in any way cause or result in the proceeds of the sale of the Bonds being applied in a manner other than as provided in the Borrower Documents or as described in the Offering Document.

(h) Except as may be described in the Offering Document, there is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any public board or body pending or, to the knowledge of the Borrower, threatened against or affecting the Borrower, or to the knowledge of the Borrower any meritorious basis therefor, wherein an unfavorable decision, ruling or finding would have a material adverse affect on the financial condition of the Borrower, the operation by the Borrower of its facilities and the transactions

contemplated by the Borrower Documents and the Offering Document or the tax-exempt status of the Borrower or would have an adverse affect on the validity or enforceability of the Borrower Documents or any other agreement or instrument by which the Borrower is or may be bound or would in any way contest the existence or powers of the Borrower.

(i) This Bond Purchase Agreement is, and upon their execution and delivery the other Borrower Documents will be, the legal, valid and binding obligations of the Borrower enforceable in accordance with their respective terms (subject to any applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting the enforcement of creditors' rights generally from time to time in effect and to applicable legal principles and procedural requirements if equitable and other specific remedies are sought).

(j) The Borrower is exempt from federal income taxes under Section 501(a) of the Code, by virtue of Wilmette Hockey Association, as the sole member of the Borrower, being an organization described in Section 501(c)(3) of the Code, and it is not a "private foundation" as defined in Section 509(a) of the Code. The Borrower has not impaired its status as an organization exempt from federal income taxes under the Code and will not, either from and including the date hereof to and including the date of the Closing and, thereafter, while any of the Bonds remain outstanding, impair its status as an organization exempt from federal income taxes under the Code. There are no facts or circumstances presently existing which could cause such status to be so impaired.

(k) Any certificate signed by an authorized officer of the Borrower and which has been delivered to the Issuer or the Underwriter shall be deemed a representation and warranty by the Borrower to the Issuer and the Underwriter as to the statements made therein.

(l) The Borrower agrees to cooperate reasonably with the Underwriter and its counsel in any endeavor to qualify the Bonds for offering and sale under the securities or "blue sky" laws of such jurisdictions of the United States as the Underwriter may request, provided that the Borrower shall not be required to qualify to do business in any jurisdiction where it is not now so qualified, or to take any action which would subject it to general service of process in any jurisdiction where it is not now so subject. The Borrower ratifies and consents to the use of drafts of the Preliminary Offering Document, the Preliminary Offering Document and drafts of the Offering Document prior to the availability of the Offering Document by the Underwriter in obtaining such qualification. The Borrower shall pay all reasonable expenses and costs (including legal fees) incurred in connection with such qualification.

(m) To the best knowledge of the Borrower, after due inquiry, (i) other than those Hazardous Substances (as hereinafter defined) used in the course of operation of the facility in accordance with federal, state and local laws and regulations, no dangerous, toxic or hazardous pollutants, contaminants, chemicals, waste, materials or substances, as defined in or governed by the provisions of any federal, state or local law, statute, code, ordinance, regulation, requirement or rule relating thereto (collectively, "Environmental Regulations"), including urea formaldehyde, polychlorinated biphenyls, nuclear fuel or waste, radioactive materials, explosives, carcinogens and petroleum products, or any other waste, material, substance, pollutant or contaminant which would subject the owner of the Project to any damages, penalties or liabilities under any applicable Environmental Regulations (collectively, "Hazardous

(n) With respect to any pension plan (a "Plan") in which the Borrower participates and with regard to compliance by the Borrower with ERISA (i) neither any Plan nor the trusts created thereunder, nor any trustee or administrator thereof, has engaged in a "prohibited transaction," as such term is defined in Section 4975 of the Code, which could subject the Plan, any such trust, or any trustee or administrator thereof, or any party dealing with the Plan or any such trust to the tax or penalty on prohibited transactions imposed by Section 4975 of the Code; (ii) the performance of the transactions contemplated by the Offering Document will not involve any prohibited transaction (other than an exempt prohibited transaction); (iii) neither any Plan nor any such trusts have been terminated, nor have there been any "reportable events," as such term is defined in Section 4043 of ERISA, since the effective date of ERISA except for the reportable events heretofore disclosed to the Underwriter in writing which had no material adverse effect on the financial conditions or results of operation of the Borrower; and (iv) neither any Plan nor any such trusts have incurred any "accumulated funding deficiency," as such term is defined in Section 302 of ERISA (whether or not waived), since the effective date of ERISA. In addition, the Borrower and any subsidiary, member of a controlled corporation or affiliated service group in which any the Borrower is a member or has an interest, (i) has fulfilled in all material respects its obligations under the minimum funding standards of ERISA and the Code with respect to each of its pension plans; (ii) is in compliance in all material respects with the presently applicable provisions of ERISA, the Code and any Plan; and (iii) has not incurred any material and past due liability to the Pension Benefit Guaranty Corporation. Neither the Borrower nor any subsidiary, member of a controlled group or affiliated service group in which it is a member or has an interest, is required to make or accrue, nor has ever made or accrued, an obligation to make a material contribution to a "multiemployer plan" as defined in Section 3(37)(A) of ERISA or Section 414 of the Code.

(o) Subsequent to the date of the Preliminary Offering Document, there have been no material adverse changes in the assets, liabilities or condition of the Borrower, financial or otherwise, and neither the operations nor the properties of the Borrower have been adversely affected in any substantial way as the result of any fire, explosion, accident, strike, riot, flood, windstorm, earthquake, embargo, war or act of God.

(p) All approvals, consents, authorizations, certifications and other orders of any government authority, board, agency or commission having jurisdiction, and all filings with such entities, which would constitute a condition precedent to or would adversely affect the

performance by the Borrower of its obligations under the Borrower Documents have been or will be (when needed) obtained.

(q) The Borrower has complied with all previous continuing disclosure undertakings executed by it pursuant to Rule 15c2-l2.

Section 5. Representations, Warranties and Covenants of the Guarantors.

In order (i) to induce the Underwriter to enter into this Bond Purchase Agreement and (ii) to induce the Issuer to enter into the Issuer Documents and to issue the Bonds for the purposes stated above, with full acknowledgment and appreciation that the investment value of the Bonds and the ability of the Issuer to sell and the Underwriter to resell the Bonds are dependent upon the credit standing of the Guarantors, and in consideration of the foregoing and of the execution and delivery of this Bond Purchase Agreement by the other parties hereto, each Guarantor represents and warrants and covenants with the Issuer and the Underwriter that:

(a) The Guarantor is a not-for-profit corporation duly incorporated and validly existing and in good standing under the laws of the State and has all necessary material licenses and permits required to date to carry on its business and to operate its facilities. The Guarantor has not received any notice of an alleged violation and, to the best of its knowledge, the Guarantor is not in violation of any zoning, land use or other similar law or regulation applicable to any of its facilities which would materially adversely affect the operations or financial condition of the Guarantor. The Guarantor has the full right, power and authority to enter into and deliver the Guaranty, the Loan Agreement and this Bond Purchase Agreement (collectively, the "Guarantor Documents"), to execute and deliver and to authorize the distribution and use of the Offering Document, and to perform other acts and transactions as provided for in each of the foregoing.

(b) The execution and delivery by the Guarantor of the Guarantor Documents and the Offering Document and the other documents, contemplated herein and therein and the compliance with the provisions of any and all of the foregoing documents and the application of the proceeds of the Bonds, together with certain other moneys, for the purposes described in the Offering Document, do not and will not conflict with or result in the breach of any of the terms, conditions or provisions of, or constitute a default under, the Articles of Incorporation or the By-laws of the Guarantor or any other material agreement, indenture, mortgage, lease or instrument by which the Guarantor or any of its property is bound or any existing law or court or administrative regulation, decree or order which is applicable to the Guarantor or its property.

(c) To the best of its knowledge, no default, event of default or event which, with notice or lapse of time, or both, would constitute a default or an event of default under any Guarantor Document or any other material agreement or material instrument to which the Guarantor is a party or by which it is or may be bound or to which any of its respective property is or may be subject has occurred and is continuing.

(d) The Guarantor has duly authorized all necessary action required to be taken by it for (i) the issuance and sale of the Bonds by the Issuer upon the terms and conditions set forth herein, in the Offering Document and in the Indenture, (ii) the approval of the Bonds

and the Indenture, (iii) the approval and execution of the Offering Document and (iv) the execution, delivery and performance of the Guarantor Documents and any and all such other agreements and documents as may be required to be executed, delivered and performed by the Guarantor in order to carry out, effectuate and consummate the transactions contemplated on the Guarantor's part by the Guarantor Documents and by the Offering Document.

(e) At the Closing, no liens, encumbrances, covenants, conditions and restrictions, if any, will be then-existing (not otherwise previously disclosed to the Underwriter or created on the date thereof pursuant to the Guarantor Documents) which would interfere with or impair the operation, or materially adversely affect the value, of the Project or the Guarantor's assets, given the purposes for which the same are being used.

(f) The Preliminary Offering Document did not, as of January 11, 2008, and the Offering Document did not, as of its date, and will not as of the date of the Closing, contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances under which they are made, not misleading; provided, however, that the Guarantor makes no representation or warranty as to the statements and information contained in the Offering Document under the captions "THE ISSUER", "THE BONDS – Book-Entry Only System," "LITIGATION" (to the extent such section relates to the Issuer), "TAX MATTERS," "NO RATING" and "UNDERWRITING" and the statements and information contained in APPENDIX E (Form of Bond Counsel Opinion) to the Offering Document, except to the extent that information under such captions was based upon information supplied by, or solely within the knowledge of, the Guarantor. The Guarantor hereby consents to the use of the Offering Document in connection with the solicitation of purchases of the Bonds by the Underwriter and confirms that it has consented to the use of the Preliminary Offering Document for such purpose prior to the availability of the Offering Document.

(g) The Guarantor will not take or omit to take any action which will in any way cause or result in the proceeds of the sale of the Bonds being applied in a manner other than as provided in the Guarantor Documents or as described in the Offering Document.

(h) Except as may be described in the Offering Document, there is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any public board or body pending or, to the knowledge of the Guarantor, threatened against or affecting the Guarantor, or to the knowledge of the Guarantor any meritorious basis therefor, wherein an unfavorable decision, ruling or finding would have a material adverse affect on the financial condition of the Guarantor, the operation by the Guarantor of its facilities and the transactions contemplated by the Guarantor Documents and the Offering Document or the tax-exempt status of the Guarantor or would have an adverse affect on the validity or enforceability of the Guarantor Documents or any other agreement or instrument by which the Guarantor is or may be bound or would in any way contest the corporate existence or powers of the Guarantor.

(i) This Bond Purchase Agreement is, and upon their execution and delivery the other Guarantor Documents will be, the legal, valid and binding obligations of the Guarantor enforceable in accordance with their respective terms (subject to any applicable bankruptcy, reorganization, insolvency, moratorium or other laws affecting the enforcement of creditors'

rights generally from time to time in effect and to applicable legal principles and procedural requirements if equitable and other specific remedies are sought).

If any Indemnified Person is advised in a written opinion of counsel that there may be legal defenses available to such Indemnified Person which are adverse to or in conflict with those available to the Underwriter or that the defense of such Indemnified Person should be handled by separate counsel, the Underwriter shall not have the right to assume the defense of such Indemnified Person, but shall be responsible for the fees and expenses of counsel retained by such Indemnified Person in assuming its own defense, and provided also that, if the Underwriter shall have failed to assume the defense of such action or to retain counsel reasonably satisfactory to the Issuer, the

Guarantors or the Borrower within a reasonable time after notice of the commencement of such action, the reasonable fees and expenses of counsel retained by the Indemnified Person shall be paid by the Underwriter. Notwithstanding the foregoing, any one or more of the Indemnified Persons shall have the right to employ separate counsel in any such action and to participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Indemnified Person unless the employment of such counsel has been specifically authorized, in writing, by the Underwriter or unless the provisions of the immediately preceding sentence are applicable. The Underwriter shall not be liable for any settlement of any such action affected without its written consent, but if settled with the written consent of the Underwriter or if there be a final judgment for the plaintiff in any such action with or without consent, the Underwriter agrees to indemnify and hold harmless the Indemnified Person from and against any loss, liability or expense by reason of such settlement or judgment.

(f) In order to provide for just and equitable contribution in circumstances in which the indemnity agreement provided for in this Section 11 is for any reason held to be unavailable to the Underwriter, the Issuer, the Borrower or the Guarantors other than in accordance with its terms, the Underwriter, the Borrower and the Guarantors, jointly and severally, shall contribute to the aggregate losses, liabilities, claims, damages and expenses of the nature contemplated by said indemnity agreement incurred by the Underwriter, the Issuer, the Borrower and the Guarantors in such proportions that the Underwriter is responsible for that portion represented by the percentage that the underwriting discount bears to the initial public offering price appearing on the cover page of the Offering Document and the Borrower and the Guarantors are responsible for the balance; provided, however, that no person guilty of fraudulent misrepresentation shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section, each person, if any, who controls the Underwriter shall have the same rights to contribution as such Underwriter.

(g) The covenants and agreements of the Borrower, the Guarantors and the Underwriter herein contained shall survive the delivery of the Bonds.

1. The Bonds are exempt from registration under the Securities Act of 1933, as amended, and the Indenture is exempt from qualification under the Trust Indenture Act of 1939, as amended.

2. The statements contained in the Offering Document under the captions "THE BONDS" (excluding the statements contained under the subcaption "Book-Entry Only System"), "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS," and "TAX MATTERS" of, and in APPENDICES D AND E to, the Offering Document, present, in all material respects, fair and accurate statements or summaries of the matters therein.

Exhibit C

Matters to be Addressed in Opinion of Issuer's Counsel

1. The Issuer is a body politic and corporate of the State created and existing, under the Act;

2. The Issuer is authorized under the laws of the State, including particularly the Act, to (i) issue the Bonds for the purposes for which they are to be issued; (ii) lend the proceeds of the Bonds to the Borrower for the purposes set forth in the Loan Agreement; (iii) enter into the Issuer Documents; and (iv) pledge and assign to the Trustee the payments to be made by the Borrower and the Issuer's rights under the Loan Agreement (other than the Unassigned Rights) as security for the payment of the principal of and interest on the Bonds.

3. The Issuer has full power and authority to consummate the transactions contemplated to be consummated by it in the Issuer Documents and the Offering Document, and the Issuer has duly authorized and approved the execution and delivery of the same as well as any and all such other agreements and documents as may be required to be executed, delivered or received by the Issuer in order to carry out, give effect to and consummate the transactions contemplated herein and in the Offering Document.

4. The execution and delivery by the Issuer of the Bonds, the Issuer Documents and other documents contemplated herein or in the Offering Document to be executed and delivered by the Issuer, and compliance by the Issuer with their provisions, and the assignment of the Loan Agreement (other than Unassigned Rights) to the Trustee, do not and will not, in any material respect, conflict with or constitute on the part of the Issuer a breach of or a default under any existing law, court or administrative regulation, decree, order, agreement, indenture, mortgage or lease by which the Issuer is or may be bound; provided, no representation is made with respect to Federal or State securities laws, rules or regulations.

5. The Bonds and the Issuer Documents have been duly authorized, executed and delivered by the Issuer and constitute the valid, legally binding obligations of the Corporation enforceable in accordance with their terms except as such enforcement may be limited by bankruptcy, insolvency, reorganization or other laws relating to or affecting the enforcement of creditors' rights.

6. The information relating to the Issuer under the headings "THE ISSUER" and "LITIGATION" contained in the Offering Document as of its date did not, and as of the date hereof does not, contain an untrue statement of a material fact or omit to state a material fact required to be stated therein, or necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading.

7. There is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any court, public board or body pending or, to the knowledge of the Issuer, threatened against or affecting the Issuer (as to which the Issuer has received service of process)

or, to the actual knowledge of the Issuer, threatened against or affecting the Issuer (or to the actual knowledge of the Issuer, any meritorious basis therefor) wherein an unfavorable decision, ruling or finding (i) would adversely affect the transactions contemplated in the Bond Purchase Agreement or in the Offering Document, (ii) would adversely affect the validity or enforceability against the Issuer of the Bonds, the Issuer Documents or any other agreement or instrument to which the Issuer is a party and which is used or contemplated for use in the consummation by the Issuer of the transactions contemplated herein or in the Offering Document or (iii) would question the exclusion of the interest on the Bonds from gross income for federal income tax purposes.

8. Neither the corporate existence of the Issuer nor the right of the members of the Issuer to their offices nor the title of the officers of the Issuer to their respective offices are being contested and no grant of authority or outcome of the proceedings of the Issuer for the issuance of the Bonds has been repealed, revoked or rescinded.

Exhibit D

Matters to be Addressed in Opinion of Borrower's and Guarantors' Counsel

1. The Borrower is (i) a limited liability company, duly created and existing pursuant to the Illinois Limited Liability Company Act and governed by the Articles of Organization of the Borrower establishing the Borrower, and (ii) Wilmette Hockey Association is the sole member of the Company.

2. Each of the Guarantors (i) is a not-for-profit corporation, duly created and existing pursuant to the Illinois General Not For Profit Company Act of 1986 and governed by the Articles of Incorporation of the Guarantor (and all amendments thereto) establishing the Guarantor and the By-Laws of the Guarantor; (ii) is recognized by the Internal Revenue Service as an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"), and exempt from federal income taxes under Section 501(a) of the Code (a "Tax Exempt Organization"); and (iii) is not a "Private Foundation" as described in Section 509(a) of the Code.

3. The Borrower Documents (in the case of the Borrower) and the Guarantor Documents (and together with the Borrower Document, the "Transaction Documents") (in the case of each Guarantor) have been duly authorized, executed and delivered by the Borrower or the Guarantors, as applicable, and, assuming due authorization, execution and delivery by the other parties thereto, represent the valid and binding agreements of the Borrower or the Guarantors, as applicable, enforceable in accordance with their respective terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization and other similar laws affecting the enforcement of creditors' rights and remedies generally, (ii) is subject to general principles of equity (regardless of whether enforceability is considered in a proceeding in equity or at law), and (iii) may be limited by public policies or legal principles of general application that limit or affect the enforcement of provisions of a contract.

4. The execution and delivery by the Borrower or the Guarantors, as applicable, of the Transaction Documents to which the Company or the Guarantors, as applicable, is a party, the consummation of the transactions therein contemplated and the fulfillment of or compliance with the terms and conditions thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under organizational documents of the Company or the Guarantors, as applicable, or any of the documents or instruments referred to in the Factual Certificate which conflict, violation, breach or default would materially adversely affect the consummation of the transactions contemplated by the Transaction Documents.

5. No consent or approval of any holder of any indebtedness of the Borrower or the Guarantors, as applicable, and, except for governmental approvals required in connection with the Project which are not required to be obtained as of the date hereof, no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority, legislative body, board, agency or commission having jurisdiction of the matter, is necessary as

of the date hereof in connection with the Borrower's or the Guarantors', as applicable, execution, delivery and performance of the Transaction Documents, except as have been obtained or made as of the date hereof and as are in full force and effect.

6. There is no action, suit or proceeding before or by any court or federal, state, municipal or other governmental authority pending or, to our knowledge, threatened against the Borrower or the Guarantors, as applicable, which, if determined adversely to the Borrower or the Guarantors, as applicable, would have a material adverse effect upon the financial condition, assets, properties or operations of the Borrower or the Guarantors, as applicable, the validity or enforceability of the Transaction Documents, or the ability of the Borrower or the Guarantors, as applicable, to perform its obligations under the Transaction Documents.

7. No liens, encumbrances, covenants, conditions and restrictions, if any, will be then-existing (not otherwise previously disclosed to the Underwriter or created on the Closing Date pursuant to the Transaction Documents) which would interfere with or impair the operation, or materially adversely affect the value, of the Project or the Borrower's or Guarantor's assets, given the purposes for which the same are being used.

8. No information has come to our attention that causes us to believe that the information in the Offering Document under the captions "THE BORROWER AND THE GUARANTORS", "THE PROJECT", "LITIGATION" (to the extent such section relates to the Borrower and the Guarantors), "APPENDIX A – Information Regarding the Borrower and the Guarantors", and the information contained in the Market Feasibility Study (attached to the Offering Document as APPENDIX C) under the caption "Projected Operations – Operating Pro Forma", contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, we express no view with respect to any financial information, feasibility information, assessment information or statistical data set forth in the Offering Document.
