GUARANTY AGREEMENT

THIS GUARANTY AGREEMENT, dated as of January 1, 2008 (the "Guaranty"), is made and given jointly and severally by WILMETTE HOCKEY ASSOCIATION, INC., an Illinois non-profit corporation ("Wilmette Hockey Association"), and WINNETKA HOCKEY CLUB, INC., an Illinois non-profit corporation ("Winnetka Hockey Club" and together with Wilmette Hockey Association, the "Guarantors"), in favor of AMALGAMATED BANK OF CHICAGO, as Trustee (the "Trustee").

RECITALS

A. North Shore Ice Arena, LLC, an Illinois Limited Liability Company (the "Borrower"), the Guarantors and the Issuer have entered into a Loan Agreement of even date herewith (as the same may hereafter be amended, restated, or otherwise modified from time to time, the "Loan Agreement") pursuant to which the Issuer has agreed to lend the Borrower an amount of up to $8,490,000 (the "Loan") for the purpose of the acquisition of land and the development and construction of an ice skating facility (the "Project").

B. Pursuant to the Trust Indenture, the Issuer has pledged and will assign its rights under the Loan Agreement to the Trustee.

C. It is a condition precedent to Issuer's obligation to make the Loan that Guarantors enter into this Guaranty.

D. Wilmette Hockey Association has a direct financial interest in Borrower.

E. Both Guarantors will receive a material financial benefit if Issuer makes the Loan to the Borrower and both Guarantors have agreed to execute this Guaranty.

NOW, THEREFORE, in consideration of the extension of the Loan to the Borrower and for other good and valuable consideration, the Guarantors hereby jointly and severally covenant and agree with the Trustee as follows:

Section 1. Defined Terms. As used in this Guaranty, in addition to the terms defined in the Recitals hereof, the following terms shall have the meaning indicated below or, if not so indicated, shall have the meanings set forth in the Loan Agreement:

"Excluded Funds" shall mean: (i) funds received from Borrower or from the operation of the Project or any other business of Borrower (including, without limitation, payments or distributions from Borrower to Guarantor other than distributions expressly permitted by the Loan Agreement); and (ii) proceeds from the sale or transfer of any assets of Borrower, including proceeds from any foreclosure proceeding.

"Guarantors' Funds" shall mean, collectively, the immediately available funds from the Guarantors' cash or cash equivalents and the proceeds of Guarantors' assets; provided that Guarantors' Funds shall specifically exclude the Excluded Funds.

"Obligations" shall mean (i) all obligations of the Authority under the Bonds; (ii) all obligations of the Borrower to the Trustee under the Loan Agreement; and (iii) all costs (including without limitation, protective advances, attorneys' fees, court costs and other expenses incurred the Trustee to collect any

amount owing to Trustee), in all cases whether due or to become due, and whether such obligations are now existing or hereafter arise or are incurred in accordance with the Loan Agreement.

"Person" shall mean any individual, corporation, partnership, limited partnership, limited liability company, joint venture, firm, association, trust, unincorporated organization, government or governmental agency or political subdivision or any other entity, whether acting in an individual, fiduciary or other capacity.

Section 2. The Guaranty. The Guarantors hereby jointly, severally, absolutely, unconditionally and irrevocably guarantee, as a principal obligor and not as a surety, to the Trustee the full and prompt payment, from Guarantors' Funds, of the Bonds when due (whether at a stated maturity or earlier by reason of acceleration or otherwise) and the performance of all of Borrower's Obligations under the Loan Documents.

Section 3. Loss Indemnification. Guarantors shall be jointly and severally liable to the Trustee to the extent of damage, loss, cost or expense incurred by the Trustee arising from or relating to: (i) fraud of Borrower or Guarantors; (ii) the failure of the Borrower to use the Loan proceeds in accordance with any draw request and the approved budget or to construct the Project in accordance with the approved plans; (iii) willful misconduct of Borrower or either of the Guarantors; (iv) the commission of physical waste with respect to the Project; (v) intentional misconduct of Borrower and/or either of the Guarantors which causes the cancellation of insurance required to be maintained by the Loan Agreement; (vi) the sale, transfer, assignment or conveyance of the Project, or any portion thereof, or any interest therein, legal, equitable or possessory (including, without limitation, transfers to secure indebtedness) except as otherwise expressly permitted by the Loan Agreement; (vii) the sale transfer, assignment or conveyance of any membership interest or other applicable equity interest in Borrower, or any portion thereof, legal or equitable (including, without limitation, transfers to secure indebtedness), except as otherwise expressly permitted by the Loan Agreement; (viii) the failure of Borrower or either of the Guarantors after an occurrence of an event of default to apply any income of Borrower or from the Project to any operating expenses of the Project and/or the Obligations or to deliver such income to the Trustee upon demand, if not previously applied to operating expenses of the Project or the Obligations; (ix) the filing by Borrower or either of the Guarantors of any petition under any section or chapter of the United States Bankruptcy Code, or any similar law or regulation, or the making of an assignment for the benefit of Borrower's and/or either of the Guarantors' creditors; (x) the filing by Borrower or either of the Guarantors of any case or proceeding for its respective dissolution or liquidation; (xi) Borrower or either of the Guarantors becoming a party to any collusive involuntary proceeding under the Bankruptcy Code or any receivership proceedings; (xii) the commencement of any case, action or proceeding that suspends, reduces, impedes or impairs the Trustee's right of recourse to the Project or any other collateral securing the Loan; (xiii) Borrower or either of the Guarantors engaging in any act, omission or misrepresentation that has the effect of suspending, delaying, reducing, impeding or impairing the Trustee's right of recourse to the Project and the other collateral securing the Loan.

Section 4. Continuing Guaranty. This Guaranty is an absolute, present, irrevocable, joint, several, unconditional and continuing guaranty of the Obligations and not of collection, and neither of the Guarantors shall be released, in whole or in part, by any action or thing which might, but for this provision of this Guaranty, be deemed a legal or equitable discharge of a surety or guarantor, other than in accordance with Section 23. No notice of the Obligations to which this Guaranty may apply, or of any renewal or extension thereof need be given to either of the Guarantors and none of the foregoing acts shall release either of the Guarantors from liability hereunder. In addition, the obligations of the Guarantors shall not be discharged, affected or impaired by: (i) the release or agreement not to sue without reservation of rights of Borrower; (ii) the application of payments received from any source to the payment of any obligation other than the Obligations, even though Trustee might lawfully have elected to

apply such payments to any part or all of the Obligations; (iii) the addition of any and all other endorsers, guarantors and obligors liable for payment or performance of the Obligations; (iv) the power or authority or lack of power or authority of Borrower to execute, deliver or perform its obligations under the Loan Agreement or the other Loan Documents; and (v) the determination by a court of competent jurisdiction that Borrower is not required to pay or perform any Obligations pursuant to operation of law. The Guarantors hereby expressly waive (a) demand of payment, presentment, protest, notice of dishonor or nonpayment on any and all forms of the Obligations; (b) notice of acceptance of this Guaranty and notice of any liability to which it may apply; (c) all other notices and demands of any kind and description relating to the Obligations now or hereafter provided for by any agreement, statute, law, rule or regulation; (d) any bond or security which might be required by any court prior to the Trustee exercising its remedies; (e) the benefit of all valuation, appraisement, extension and exemption laws; and (f) any and all defenses of the Borrower pertaining to the Obligations. The Guarantors shall be and remain jointly and severally liable for any deficiency remaining after foreclosure of any pledge or security agreement securing all or any part of the Obligations, whether or not the liability of the Borrower or any other Person for such deficiency is discharged pursuant to statute, judicial decision or otherwise. This Guaranty shall survive, as an independent contractual obligation, any public or trustee's sale under a mortgage with power of sale or deed of trust, despite any statutory provision which otherwise prohibits any deficiency judgment, extinguishes the indebtedness, or otherwise relieves Borrower from further liability, the Guarantors hereby recognizing and agreeing that its liability hereunder is not conditioned in any manner upon the existence of such liability of Borrower or the ability of Guarantors to obtain any redress against Borrower through indemnification, subrogation or otherwise. Furthermore, the Trustee shall not be required to institute or prosecute proceedings to recover any deficiency as a condition of any payment required by this Guaranty.

Section 5. Other Transactions. Subject to the following sentence, the Trustee is expressly authorized (a) to exchange, surrender or release with or without consideration any or all collateral and security which may at any time be placed with it by the Borrower or by any other Person, or to forward or deliver any or all such collateral and security directly to the Borrower for collection and remittance or for credit, or to collect the same in any other manner without notice to the Guarantors; and (b) to amend, modify, extend or supplement the Loan Documents or other instrument evidencing the Obligations or any part thereof and any other agreement with respect to the Obligations, waive compliance by the Borrower or any other Person with the respective terms thereof and settle or compromise any of the Obligations without notice to the Guarantors and without in any manner affecting the absolute liabilities of the Guarantors hereunder.

No invalidity, irregularity or unenforceability of all or any part of the Obligations or of any security therefor or other recourse with respect thereto shall affect, impair or be a defense to this Guaranty. The liabilities of the Guarantors hereunder are independent of the liabilities of the Borrower. The liabilities of the Guarantors shall not be affected or impaired by any failure, delay, neglect or omission on the part of the Trustee or the Authority to realize upon any of the Obligations of the Borrower or the Authority to the Trustee, or upon any collateral or security for any or all of the Obligations, nor by the taking by the Trustee or the Authority of (or the failure to take) any other guaranty or guaranties to secure the Obligations, nor by the taking by the Trustee or the Authority of (or the failure to take or the failure to perfect its security interest in or other lien on) collateral or security of any kind. No act or omission of the Trustee or the Authority, whether or not such action or failure to act varies or increases the risk of, or affects the rights or remedies of the Guarantors, shall affect or impair the obligations of the Guarantors hereunder. The Guarantors acknowledge that this Guaranty is in effect and binding without reference to whether this Guaranty is signed by any other Person or Persons, that possession of this Guaranty by the Trustee shall be conclusive evidence of due delivery hereof by each of the Guarantors and that this Guaranty shall continue in full force and effect, both as to the Obligations

then existing and/or thereafter created, notwithstanding the release of or extension of time to any other guarantor of the Obligations or any part thereof.

Section 6. Actions Not Required. The Guarantors hereby waive any and all right to cause a marshaling of the assets of the Borrower or the Authority or any other action by any court or other governmental body with respect thereto or to cause the Trustee or the Authority to proceed against any security for the Obligations or any other recourse which the Trustee or the Authority may have with respect thereto and further waive any and all requirements that the Trustee or the Authority institute any action or proceeding at law or in equity, or obtain any judgment, against the Borrower, the Authority or any other Person, or with respect to any collateral security for the Obligations, as a condition precedent to making demand on or bringing an action or obtaining and/or enforcing a judgment against, the Guarantors upon this Guaranty. The Guarantors further acknowledge that time is of the essence with respect to the Guarantors' obligations under this Guaranty. Any remedy or right hereby granted which shall be found to be unenforceable as to any Person or under any circumstance, for any reason, shall in no way limit or prevent the enforcement of such remedy or right as to any other Person or circumstance, nor shall such unenforceability limit or prevent enforcement of any other remedy or right hereby granted.

Section 7. Subordination and Subrogation. The Guarantors hereby represent and warrant that neither of the Guarantors has made any loans or other advances to Borrower which have not been previously paid in full, and the Guarantors agree not to make any loan or other advance to Borrower and not to permit or suffer any obligation of Borrower to either of the Guarantors for so long as this Guaranty remains in effect. Any indebtedness or other obligation of Borrower, now or hereafter held by or owing to either of the Guarantors, is subordinated to payment and performance in full of the Obligations. Each of the Guarantors agrees that it will not accept payment of principal, interest or any other amount of any indebtedness or obligation of Borrower to such Guarantor at any time prior to indefeasible payment in full of the Obligations. Such indebtedness or obligation of Borrower to either of the Guarantors, to the extent received by such Guarantor, shall, at the Trustee's election, be held in trust for the Trustee, and such Guarantor shall immediately pay such amount over to the Trustee. The Guarantors shall not exercise any right of subrogation until such time as all Obligations shall have been satisfied in full and all commitments to extend credit by the Authority under the Loan Agreement or the Indenture terminated. In the case of the liquidation, winding-up or bankruptcy of the Borrower or the Authority (whether voluntary or involuntary) or in the event that the Borrower or the Authority shall make an arrangement or composition with its creditors, the Trustee shall have the right to rank first for the Authority's full claims under the Loan Agreement and to receive all distributions or other payments with respect thereto until the Authority's claims under the Loan Agreement have been paid in full, and the Guarantors shall continue to be jointly and severally liable to the Trustee for any Obligations which may be owing to the Authority by the Borrower. The Guarantors, to the extent permitted by law, irrevocably release and waive any subrogation rights or right of contribution or indemnity (whether arising by operation of law, contract or otherwise) which the Guarantors may have against the Borrower or the Authority if and to the extent any such right or rights would give rise to a claim under the U.S. Bankruptcy Code that payments or transfers to the Trustee or the Authority with respect to the Obligations constitute a preference in favor of the Guarantors or a claim under the Bankruptcy Code that any such preference is recoverable from the Trustee or the Authority.

Section 8. Application of Payments. Any and all payments upon the Obligations made by the Guarantors or by any other Person, and/or the proceeds of any or all collateral or security for any of the Obligations, may be applied by the Trustee on such items of the Obligations as the Trustee may elect.

Section 9. Recovery of Payment. If any payment received by the Trustee or the Authority and applied to the Obligations is subsequently set aside, recovered, rescinded or required to be returned for any reason (including, without limitation, the bankruptcy, insolvency or reorganization of the Borrower,

the Authority or any other obligor), the Obligations to which such payment was applied shall for the purposes of this Guaranty be deemed to have continued in existence, notwithstanding such application, and this Guaranty shall be enforceable as to such Obligations as fully as if such application had never been made. References in this Guaranty to amounts "irrevocably paid" or to "irrevocable payment" refer to payments that cannot be set aside, recovered, rescinded or required to be returned for any reason.

Section 10. Remedies. All remedies afforded to the Trustee by reason of this Guaranty are separate and cumulative remedies and it is agreed that no one of such remedies, whether or not exercised by the Trustee, shall be deemed to be in exclusion of any of the other remedies available to the Trustee and no one of such remedies shall in any way limit or prejudice any other legal or equitable remedy which the Trustee may have hereunder and with respect to the Obligations. Mere delay or failure to act shall not preclude the exercise or enforcement of any rights and remedies available to the Trustee.

Section 11. Bankruptcy of the Borrower. The Guarantors expressly agree that the liabilities and obligations of the Guarantors under this Guaranty shall not in any way be impaired or otherwise affected by the institution by or against the Borrower, the Authority or any other Person of any bankruptcy, reorganization, arrangement, insolvency or liquidation proceedings, or any other similar proceedings for relief under any bankruptcy law or similar law for the relief of debtors and that any discharge of any of the Obligations pursuant to any such bankruptcy or similar law or other law shall not diminish, discharge or otherwise affect in any way the obligations of the Guarantors under this Guaranty, and that upon the institution of any of the above actions, such obligations shall be enforceable against the Guarantors.

Section 12. Costs and Expenses. The Guarantors jointly and severally agree to pay or reimburse the Trustee on demand for all out-of-pocket expenses (including in each case all reasonable fees and expenses of counsel) incurred by the Trustee arising out of or in connection with the enforcement of this Guaranty against either of the Guarantors or arising out of or in connection with any failure of any Guarantor to fully and timely perform the obligations of the Guarantors hereunder.

Section 13. Waivers and Amendments. This Guaranty can be waived, modified, amended, terminated or discharged only explicitly in a writing signed by the Trustee. A waiver so signed shall be effective only in the specific instance and for the specific purpose given.

Section 14. Notices. Any notice or other communication to any party in connection with this Guaranty shall be in writing and shall be sent by manual delivery, telegram, telex, facsimile transmission, overnight courier or United States mail (postage prepaid) addressed to such party at the address specified on the signature page hereof, or at such other address as such party shall have specified to the other party hereto in writing. All periods of notice shall be measured from the date of delivery thereof if manually delivered, from the date of sending thereof if sent by telegram, telex or facsimile transmission, from the first business day after the date of sending if sent by overnight courier, or from four days after the date of mailing if mailed.

Section 15. Guarantors' Acknowledgments. Each of the Guarantors hereby acknowledges that (a) counsel has advised the Guarantors in the negotiation, execution and delivery of this Guaranty, (b) neither the Trustee nor the Authority has a fiduciary relationship to the Guarantors, the relationship being solely that of debtor and creditor, and (c) no joint venture exists between the Guarantors and either the Trustee or the Authority.

Section 16. Representations and Warranties. Each of the Guarantors represents and warrants to the Trustee that:

(a) This Guaranty constitutes the legal, valid and binding obligation of the Guarantors and is enforceable in accordance with its terms.

(b) The execution, delivery and performance of this Guaranty and/or the Loan Documents will not (i) violate any provision of any law, statute, rule or regulation or any order, writ, judgment, injunction, decree, determination or award of any court, governmental agency or arbitrator presently in effect having applicability to it, (ii) result in a breach of or constitute a default under any indenture, loan or credit agreement or any other agreement, lease or instrument to which it is a party or by which it or any of its properties may be bound or result in the creation of any lien thereunder; (iii) cause or permit the acceleration of any obligation owed under any mortgage, indenture or loan or credit agreement or any other contractual obligation to which the Guarantors are a party or by which the Guarantors or any of their properties is bound or affected, or (iv) constitute a "transfer of an interest" or an "obligation incurred" that is avoidable by a trustee under Section 548 of the Bankruptcy Code of 1978, as amended, or constitute a "fraudulent conveyance," "fraudulent obligation" or "fraudulent transfer" within the meaning of the Uniform Fraudulent Conveyances Act or Uniform Fraudulent Transfer Act, as enacted in any applicable jurisdiction. It is not in default under or in violation of any such law, statute, rule or regulation, order, writ, judgment, injunction, decree, determination or award or any such indenture, loan or credit agreement or other agreement, lease or instrument in any case in which the consequences of such default or violation could have a material adverse effect on its business, operations, properties, assets or condition (financial or otherwise).

(c) No order, consent, approval, license, authorization or validation of, or filing, recording or registration with, or exemption by, any governmental or public body or authority is required on its part to authorize, or is required in connection with the execution, delivery and performance of, or the legality, validity, binding effect or enforceability of the Loan Documents, or if so required, such consent, approval or authorization has been requested and/or obtained.

(d) There are no actions, suits or proceedings pending or, to its knowledge, threatened against or affecting it or any of its properties before any court or arbitrator, or any governmental department, board, agency or other instrumentality which, if determined adversely to it, would have a material adverse effect on its business, operations, property or condition (financial or otherwise) or on its ability to perform its obligations hereunder.

(e) The transaction evidenced by this Guaranty does not violate any applicable law of the Guarantors pertaining to usury or the payment of interest on borrowed money.

(f) No event has occurred and is continuing that is a Default or an Event of Default.

(g) Each of the Guarantors expects to derive benefits from the transactions resulting in the creation of the Obligations. The Trustee may rely conclusively on the continuing warranty, hereby made, that the Guarantors continue to be benefited by the Loan to the Borrower and the Trustee shall not have any duty to inquire into or confirm the receipt of any such benefits, and this Guaranty shall be effective and enforceable by the Trustee without regard to the receipt, nature or value of any such benefits.

(h) Each of the Guarantors are now and at all times during the term of this Guaranty shall be generally paying its debts as they mature and now owns, and at all times during the term of this Guaranty shall own, property, which at a fair valuation, is greater than the sum of its debts.

(i) Each of the Guarantors has consulted and conferred with competent legal counsel of its choice before executing and delivering this Guaranty. Each of the Guarantors further represents and

warrants that it has read and understood the terms of this Guaranty and intends to be bound by the terms of this Guaranty.

Section 17. Covenants. Each of the Guarantors covenants and agrees that for the term of this Guaranty, unless Trustee shall otherwise consent in writing, the Guarantors will:

(a) Neither of the Guarantors will, without the Trustee's prior written consent, demand, receive or accept any transfer of Revenues (as defined in the Loan Agreement), including but not limited to distributions and management fees from the Borrower if an Event of Default has occurred under the Loan Documents and is continuing or if such transfers from the Borrower to the Guarantors would result in such an Event of Default. If either of the Guarantors receives any transfer of Revenues from the Borrower, such Guarantor will hold the amount so received in trust for the Trustee and will forthwith turn over such payment to the Trustee in the form received (except for the endorsement of such Guarantor where necessary) for application to the Obligations (whether or not due), in such manner of application in accordance with the Loan Agreement.

(b) Each of the Guarantors shall deliver or cause to be delivered to the Trustee those reports and financial statements set forth below, prepared in accordance with generally accepted accounting principles, consistently applied, or other sound accounting principles: (i) as soon as practicable, and in any event within sixty (60) days after the end of each calendar year, each of the Guarantors shall deliver to the Trustee such Guarantor's signed and dated annual financial statements, which are certified by such Guarantor, prepared by a certified public accountant, and which show its assets and liabilities, all in detail and reasonably satisfactory in scope to the Trustee; (ii) within thirty (30) days of the filing thereof, which filing shall be timely made on or before the original filing deadline or lawfully extended deadline, Federal and state income tax returns of such Guarantor (or any request for extension of the filing date thereof); and (iii) from time to time during the term hereof, such other information and reports, financial and otherwise, concerning such Guarantor as the Trustee may reasonably request.

Section 18. Continuing Guaranty, Assignments under Loan Agreement. This Guaranty shall (a) remain in full force and effect until irrevocable payment in full and performance of the Obligations and the expiration of the Obligations, (b) be binding upon each of the Guarantors, its successors and assigns and (c) inure to the benefit of, and be enforceable by, the Trustee and its successors, transferees, and assigns. Without limiting the generality of the foregoing clause (c), the Trustee may transfer all or any portion of its rights under this Guaranty.

Section 19. Reaffirmation. Each of the Guarantors agrees that when so requested by the Trustee from time to time it will promptly execute and deliver to the Trustee a written reaffirmation of this Guaranty in such form as the Trustee may require.

Section 20. Governing Law and Construction. Except as may be otherwise expressly provided herein, this Guaranty shall be construed in accordance with and governed by the laws of the State of Illinois (without regard to conflict of law principles) and applicable federal law . Whenever possible, each provision of this Guaranty and the other Loan Documents and any other statement, instrument or transaction contemplated hereby or relating hereto shall be interpreted in such manner as to be effective and valid under such applicable law, but, if any provision of this Guaranty and the other Loan Documents or any other statement, instrument or transaction contemplated hereby or relating hereto shall be held to be prohibited or invalid under such applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Guaranty and the other Loan Documents or any other statement, instrument or transaction contemplated hereby or thereby or relating hereto. The parties shall endeavor in good-faith negotiations to replace any invalid, illegal or unenforceable provisions with a valid provision the

economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provision.

Section 21. Counterparts. This Guaranty may be executed in any number of counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument.

Section 22. General. All representations and warranties contained in this Guaranty or in any other agreement among the Guarantors and Trustee shall survive the execution, delivery and performance of this Guaranty and the creation and payment of the Obligations. Captions in this Guaranty are for reference and convenience only and shall not affect the interpretation or meaning of any provision of this Guaranty.

Section 23. Release. This Guaranty shall be released by the Trustee upon the fulfillment of the following conditions:

(a) The Borrower has paid and discharged or provided in a manner satisfactory to the trustee, for the payment and discharge of the whole amount of the principal of, premium, if any, and interest on the Bonds in such manner as to render the Bonds issued under the Trust Indenture no longer outstanding, and has paid or caused to be paid all other sums that are payable under the Loan Agreement and the Trust Indenture or has made such arrangements; and

(b) no default or Event of Default has occurred under any of the Loan Agreement which has not been cured.
