We have acted as counsel to the North Shore Ice Arena, LLC, an Illinois limited liability company (the "Company"), the Winnetka Hockey Club, Inc., an Illinois not-for-profit corporation and the Wilmette Hockey Associates, Inc., an Illinois not-for-profit corporation (the "Guarantors"), in connection with the issuance by The Illinois Finance Authority (the "Issuer"), a body politic and corporate duly organized and validly existing under the laws of the State of Illinois (the "State"), of its Sports Facility Revenue Bonds (North Shore Ice Arena Project) Series 2008 (the "Bonds") in the aggregate principal amount of $8,490,000. We understand that the Bonds are being issued pursuant to Trust Indenture, dated as of December 1, 2008 (the "Indenture"), between the Company and the Amalgamated Bank of Chicago, as trustee (the "Trustee") for the purpose of making a loan to the company, pursuant to a Loan Agreement dated as of December 1, 2008 (the "Loan Agreement") between the Issuer and the Company, to finance a portion of the costs of the lease of land and the construction and equipping of an approximately 47,000 square foot ice skating facility located in Northbrook, Illinois (the "Project") to be owned and operated by the Company. Further, we understand that Payment of the Bonds will be guaranteed by the Guarantors pursuant to a Guaranty Agreement dated as of December 1, 2008 (the "Guaranty") from the Guarantors to the Trustee. We have examined originals or certified copies of such corporate records of the Company or the Guarantors, as applicable, and other certificates and documents of officials of the Company or the Guarantors, as applicable, public officials and others as we have deemed appropriate for purposes of this letter, except where a statement is qualified as to knowledge or awareness, in which case we have not made any inquiry. As to various questions of fact relevant to this letter, we have relied, without independent investigation, upon the Due Diligence Documents and certificates of public officials, certificates of officers of the Company or the Guarantors, as applicable, and representations and warranties of the Company or the Guarantors, as applicable, in the Transaction Documents, all of which we assume to be true, correct and complete. We have made no investigation or review of any matters relating to the Company or the Guarantors, as applicable, or any other Person other than as expressly listed herein. We wish to inform you that our knowledge is necessarily limited due to the limited scope of our review. In addition, we have made no inquiry of the Company or the Guarantors, as applicable, or any other person or entity (including governmental authorities) regarding, and no review of, any judgments, orders, decrees, franchises, licenses, certificates, permits or other public records or agreements to which the Company or a Guarantor, as applicable, is a party other than a review of (a) the Factual Certificate described in paragraph (e) above, and the documents noted therein as having been delivered; (b) the Transaction Documents; and (c) the Due Diligence Documents, and our "knowledge" of any such matters is accordingly limited.

We have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity to authentic original documents of all copies submitted to us as conformed, certified or reproduced copies, that the Bonds conform to the specimen thereof we have reviewed and that the Bonds will be duly authenticated in accordance with the terms of the Indenture. We have also assumed the legal capacity of natural persons, the corporate or other power and due authorization of each person not a natural person other than the Company or the Guarantors, as applicable, to execute and deliver the Transaction Documents and to consummate the transactions contemplated by the Transaction Documents, due execution and delivery of each Transaction Document by all parties thereto other than the Company and Guarantors, and that each Transaction Document constitutes the legal, valid and binding obligation of each party thereto other than the Company or the Guarantors, as applicable, enforceable against such party in accordance with its terms.

Based upon the foregoing and subject to the assumptions, exceptions, qualifications and limitations set forth hereinafter, we are of the opinion that:

(a) The Company is a limited liability company, duly created and existing pursuant to the Illinois Limited Liability Company Act and governed by the Articles of Organization of the Company (and all amendments thereto) establishing the Company and each Guarantor is a not for profit corporation, duly created and existing pursuant to the Illinois General Not For Profit Company Act of 1986 and governed by the Articles of Incorporation of each Guarantor (and all amendments thereto) establishing the Guarantor and the By-Laws of the Guarantor.

(b) The Company Resolutions have been duly adopted by the Board of Managers of the Company at one or more regular or special meetings of the Board of Managers of the Company which were held pursuant to law, and the Guarantor Resolutions have been duly adopted by the Board of Directors of each Guarantor at one or more regular or special meetings of the Board of Directors of the Guarantor which were held pursuant to law.

(c) The Transaction Documents to which the Company or the Guarantors are a party have been duly authorized, executed and delivered by the Company or the Guarantor, as applicable, and, assuming due authorization, execution and delivery by the other parties thereto, represent the valid and binding agreements of the Company or the Guarantor, as applicable, enforceable in accordance with their respective terms, except as such enforceability (i) may be limited by applicable bankruptcy, insolvency, reorganization and other similar laws affecting the enforcement of creditors' rights and remedies generally, (ii) is subject to general principles of equity (regardless of whether enforceability is considered in a proceeding in equity or at law), and (iii) may be limited by public policies or legal principles of general application that limit or affect the enforcement of provisions of a contract.

(d) The execution and delivery by the Company or the Guarantors, as applicable, of the Transaction Documents to which the Company or a Guarantor, as applicable, is a party, the consummation of the transactions therein contemplated and the fulfillment of or compliance with the terms and conditions thereof, will not conflict with or constitute a violation or breach of or default (with due notice or the passage of time or both) under organizational documents of the Company or a Guarantor, as applicable, or any of the documents or instruments referred to in the Factual Certificate which conflict, violation, breach or default would materially adversely affect the consummation of the transactions contemplated by the Transaction Documents.

(e) No consent or approval of any holder of any indebtedness of the Company or a Guarantor, as applicable, and, except for governmental approvals required in connection with the Project which are not required to be obtained as of the date hereof, no consent, permission, authorization, order or license of, or filing or registration with, any governmental authority, legislative body, board, agency or commission having jurisdiction of the matter, is necessary as of the date hereof in connection with the Company's or the Guarantor's, as applicable, execution, delivery and performance of the Transaction Documents, except as have been obtained or made as of the date hereof and as are in full force and effect and except for registration of the Bonds or as may be required under state or federal securities laws (as to which we express no opinion).

(f) Other than as described in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum under the caption "LITIGATION", there is no action, suit or proceeding before or by any court or federal, state, municipal or other governmental authority pending or, to our knowledge, threatened against the Company or a Guarantor, as applicable, which, if determined adversely to the Company or a Guarantor, as applicable, would have a material adverse effect upon the financial condition, assets, properties or

operations of the Company or a Guarantor, as applicable, the validity or enforceability of the Transaction Documents, or the ability of the Company or a Guarantor, as applicable, to perform its obligations under the Transaction Documents.

In the course of our acting as counsel to the Company and the Guarantors in connection with their involvement in the preparation of the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum, prior to the date of the Limited Offering Memorandum, we participated in conferences and telephone conversations with representatives of the Company or the Guarantors, as applicable, representatives of the participants in the financing and their respective counsel, during which conferences and conversations the contents of the Limited Offering Memorandum and related matters were discussed, and we reviewed certain corporate records and documents furnished to us by the Company or the Guarantors, as applicable.

Based on our participation in such conferences and conversations, and our review of such records and documents as described above, we advise you that:

No information has come to our attention that causes us to believe that the information in the Limited Offering Memorandum under the captions "THE BORROWER AND THE GUARANTORS", "THE PROJECT", "APPENDIX A- Information Regarding the Borrower and the Guarantors", "APPENDIX B - Financial Statements of the Borrower and the Guarantors", "APPENDIX D - Summary of Principal Financing Documents, contains any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, we express no view with respect to any financial information, feasibility information, assessment information or statistical data set forth in the Preliminary Limited Offering Memorandum and the Limited Offering Memorandum.

The opinions set forth above are limited to federal laws of the United States and laws of the State of Illinois. These opinions may not be used by or relied upon by, or be published or communicated to, any person or entity other than the addresses hereof, for any purpose whatsoever, without the prior written consent of Greenberg Traurig, LLP.

Respectfully submitted,
